

MATTHEW. I love her! I'm in love with her! From the first day she walked onto our front lawn, until this second, right now, I've been completely crazy about her. My whole life... *(To SHEENA.)* you've just been this perfect angel making everything else bearable. No matter how fucking awful things got at home, no matter how shit my life gets, when it's just darkness, and misery and nothing, you're the one thing, the only thing, that keeps me going. I loved you before he did, I love you now he's stopped, I just love you, Sheena, I love you!

EMMA. I... I wanted to come down and tell you that... I'd like to try and climb the hill tomorrow. I know I said I didn't want to. But I was just scared. Because if I don't make it to the top, then it means... I'm not good enough. So I can't be... happy. But I've been thinking... maybe the way I try to make myself happy has gotten all twisted and... now it's making me miserable, but I keep doing it anyway, because I think if I stop, things will get even worse. But maybe I do need to stop now, and just... see what happens. So... even though I really want to get to the top... I think maybe... I don't really need to. And so if I don't, then it doesn't mean it'll be awful and terrible, but just a bit upsetting. And... I can handle that... *(Beat.)* What the fuck are you all doing?!
